2024 ANNUAL MEETING

 **AUPN 2024**
Annual Meeting ★ Orlando, FL ★ Saturday, September 14th

**Educational Sessions Geared Towards:
Chairs (new & experienced), Program Directors,
Clerkship Directors, & Women Leaders**

WELCOME TO THE 2024 AUPN ANNUAL MEETING!

We are thrilled to extend a warm welcome to all attendees joining us for the 2024 Annual Meeting of the Association of University Professors of Neurology (AUPN)! This year marks a significant milestone as we embark on our inaugural standalone meeting.

With a rich array of educational sessions, this meeting promises attendees the latest knowledge, insights, and strategies to excel in their roles. Engage in discussions, workshops, and presentations from renowned experts and thought leaders in the field. Forge invaluable connections with your peers, exchange experiences, and learn from one another. AUPN's Annual Meeting is the ideal platform to collaborate, discuss challenges, and network with your colleagues.

At the conclusion to our programming, we cordially invite you to join us for the AUPN Business Meeting & Awards Ceremony. During this session, representatives from the AUPN, NINDS, ANA, VHA, ABPN, AAN, and UCNS will provide brief updates on their latest initiatives and developments. Following this, we will proudly recognize the recipients of the AUPN Faculty Leadership Award in a brief awards ceremony.

Following the Business Meeting & Awards Ceremony, we invite you to unwind and network at an evening reception, co-hosted by the ANA and AUPN.

The AUPN Annual Meeting takes place the day before the 149th Annual Meeting of the American Neurological Association (ANA). Attendees of the AUPN Annual Meeting are welcome and encouraged to stay and attend the ANA Annual Meeting (ANA meeting registration required).

We are delighted to have you with us for AUPN 2024. On behalf of AUPN and the Program Committee, a warm welcome to Orlando!

Sincerely,

John England, MD
AUPN President

OUR MISSION

To advance and strengthen the academic Neurology community through education, mentorship and the sharing of best practices among leaders in academic neurology.

PROGRAM DETAILS

Neurology.Educator.Advancing.Teaching (N.E.A.T.) Workshop Teaching Neurosciences Across the Education Continuum

7:30 - 9:30 AM • Lake Mizell A

Collaborating Partners: AUPN, ANA & AAN

DESCRIPTION

Explore the evolving landscape of clinical neuroscience education through a dynamic panel presentations and discussion. This session delves into effective strategies for teaching basic neuroscience, seamlessly integrating scientific principles into preclinical medical school courses, neurology clerkships, and fostering continuous learning in Graduate Medical Education (GME). Engage with expert insights on Team-Based Learning, Problem-Based Learning, and Peer Instruction, alongside discussions on incorporating the Scientific Method, neuroanatomy, and Mechanism of Disease maps into clinical education. Join us for an interactive dialogue shaping the future of neurology education.

LEARNING OBJECTIVES

1. Apply innovative instructional methods, including Team-Based Learning, Problem-Based Learning, and Peer Instruction, to effectively teach basic neuroscience concepts in the pre-clerkship setting.
2. Integrate fundamental scientific principles, such as the Scientific Method, neuroanatomy, and Mechanism of Disease maps, into clinical clerkships, enhancing students' ability to approach clinical problems with a research-oriented mindset and strengthening the bridge between basic sciences and clinical application.
3. Implement strategies for seamlessly integrating basic neurosciences into Graduate Medical Education (GME) programs, including residency and fellowship training, cultivating a culture of lifelong learning and ensuring continuous application of neuroscientific knowledge throughout medical professionals' careers.

Clerkship Director's Workshop

Career Development for the Clerkship Director

9:45 - 11:45 AM • Lake Mizell B

DESCRIPTION

There has been an increased recognition of the role of medical educator – both locally and nationally – along with greater opportunities to engage in educational scholarship. Clerkship directors are at times unsure of how to devise a path to success and promotion. This workshop will explore the strategies, resources, and prospects that can be leveraged by neurology educators to advance and develop their careers.

LEARNING OBJECTIVES

1. Define career goals and expected outcomes to develop a local and national reputation.
2. List options for leadership roles in medical education that could be considered in addition to or beyond the role of clerkship director.
3. Identify strategies that can promote a clerkship director's engagement in scholarly activity, including cross-institutional research.

PROGRAM DETAILS

Program Director's Workshop

The Struggling Resident

9:45 - 11:45 AM • Lake Mizell A

DESCRIPTION

The workshop reviews commonly encountered areas of resident dysfunction including academic and patient centered performance, mental health, substance misuse and legal concerns that result in resident struggle. The panelists discuss experiences as PD's and approaches to support struggling residents. Lastly, the panel will discuss how to support non-renewed or resigned residents' progress in the chosen career path.

Dept. Chair & Program Directors' Forum

The Role of PDs and Chairs in Addressing the Shortage of General Neurologists (Point-Counterpoint)

12:45 - 2:15 PM • Lake Mizell A

DESCRIPTION

This course offers in-depth insights into the pressing issue of the shortage of general neurologists. It begins with a thorough data presentation, clearly defining and illustrating the problem's scope. The subsequent point-counterpoint discussion, facilitated by expert panelists, provides diverse perspectives on addressing the shortage. Panelists then delve into their unique attempts and innovative strategies, offering practical insights into tackling this critical challenge.
