

Dr. Standaert graduated from Harvard College and received M.D. and Ph.D. degrees from Washington University in St. Louis. Following Neurology residency at the University of Pennsylvania, he was appointed a Howard Hughes Fellow and completed a three-year research and clinical fellowship in Movement Disorders at Massachusetts General Hospital. He was a member of the faculty at Harvard Medical School from 1995 to 2006 and then relocated to the University of Alabama at Birmingham (UAB). Currently he is the John N. Whitaker Professor and Chair of the Department of Neurology and a senior member of the faculty of the Division of Movement Disorders. He directs the NIH-funded Alabama Morris K. Udall Center of Excellence in Parkinson's Disease Research. He is Chairman of the Scientific Advisory Board of the American Parkinson Disease Association, a Deputy Editor of the journal *Movement Disorders*, a Fellow of both the American Neurological Association and the American Academy of Neurology, First Vice President of the Association of University Professors of Neurology, and a member of the NIH/NINDS Board of Scientific Counselors. His lab has a long-standing interest in the basic mechanisms underlying Parkinson disease as well as the complications of therapy.
