

The Department of Neurology at Louisiana State University Health Sciences Center (LSUHSC) in New Orleans is seeking a board-certified or board-eligible Vascular Neurologist to join the faculty at the rank of Assistant Professor, Associate Professor, or Professor (non-tenure, clinical track). This neurologist would be part of our growing LCMC Health multidisciplinary team whose function is to provide comprehensive care for patients with stroke and stroke-related illnesses in the greater New Orleans metropolitan area.

The successful applicant would be based at University Medical Center-NO (UMC) in New Orleans, Louisiana, which is a tertiary-care facility receiving referrals from hospitals throughout the Gulf Coast. The eligible candidate will report to the Chair of the Department of Neurology and will work collaboratively with the current stroke team.

The successful candidate must be ABPN board-certified in Neurology, and board eligible/certified in the subspecialty of Vascular Neurology. Academic rank and salary will be based upon the individual's background and experience.

About LCMC Health

LCMC Health is a New Orleans-based, non-profit health system on a mission to provide the best possible care for every person and parish in Louisiana and beyond, and to put a little more heart and soul into healthcare along the way. Treating people like family is the LCMC Health way, and it always has been. Founded by Louisiana's first freestanding children's hospital, we've grown into a healthcare system that's built to serve the unique needs of our communities and families across New Orleans, the Gulf Coast, and beyond.

Today, we offer six hospital locations: Children's Hospital, Touro Infirmary, University Medical Center New Orleans, New Orleans East Hospital, East Jefferson General Hospital, and West Jefferson Medical Center. We also deliver world-class care close to home through a network of urgent care centers across the greater New Orleans area in addition to our physician practices. With over 2,200 board-certified physicians specializing in everything from head to toe, our community can count on us to provide the right care, right where they need it.
